

Building Renewal Project Update

News on our LeTourneau Pipe Organ

This week Organ Clearinghouse arrived at First Christian Church in Colorado Springs to begin the process of moving our Letourneau Opus 42 pipe organ to Albuquerque! The process will take a little over two weeks. The organ is expected to arrive in Albuquerque on December 19, 2024 and to be placed into storage until it can be re-installed after the renewal and renovation of the nave and chancel of St. Mark's. This is another huge milestone for our ongoing Building Renewal effort.

News on New Funds Received for Building Renewal Fund

Funds Contributed to the Building Renewal Fund so far:

Previous total as of (11.5.24) \$455,757

New Funds Received in the last month.

Member Donation	\$ 25,000
Member Donation	\$ 5,000
Member Donation	\$ 1,000
Member Donation	\$ 100,000

New Total Given to Building Renewal Fund (12.4.24) \$ 586,757

We wish to publicly acknowledge and thank the many generous donors that have made gifts to the Building Renewal Fund (BRF). Thank you to all who have given St. Mark's a strong start to funding our architectural, liturgical and musical goals and priorities.

The funds have been greatly needed to complete the purchase and moving of the organ as well as to cover the costs of architectural services and liturgical design work as well as organ and acoustical consulting
